2011-2012**

**(Sponsored by the International Education Program)**

**Fund Objective**

Coquitlam School District believes it is an important part of its mission to support cultural diversity within its schools and community. To help with that goal the district has made grants available to schools or individuals for the implementation of multicultural and/or anti-racism projects and activities. The money for this initiative has been allocated by the International Education Program.

**Process**

The funds are administered by the International Education Program, and will be allocated after receiving a project proposal for the current school year to a maximum amount of \$250, depending on the scope of the project. Please complete a separate application form for each proposal.

**Application Guidelines**

1. The project may be classroom-based, school-based, or involve the school and community.
2. The project must show an impact on the students, school, and/or community.
3. All proposals should include the following information:
  - a detailed description of the project
  - goal/objectives
  - rationale/need
  - potential impact
  - proposed timeline
  - proposed budget
4. Grants cannot be used as donations to charitable organizations here or abroad.
